

Artist, Mary Myrka

I have entered my **NEW BOOK**

*The Wonder-Full Life*

*A Practical Guide to the Design of the Universe*

**By Denny Daikeler**

Imagine your soul communicating with you through animals and signs and giving you insight into a larger reality such as who you are, and what you're meant to do. This is what my book describes through vibrant stories that are all true and are told with fun, depth, and color. Reading this book will awaken the great potential of living spiritually.
